

SEESAW SUPPORT FOR PARENTS

What is Seesaw?

At Lockhart, families can see what your child is learning across the curriculum and engage in two-way communication with teachers and ASNPs about their child. Seesaw can give families a window into what's going on every day in their child's classroom.

Teachers add posts to each pupil journals. Student posts showcase the creative projects they've been working on in the classroom. This could include photos, artwork, videos, activities, notes, projects they've created in other apps, and more.

Families get [notified](#) when there are new posts in their student's journal. They can view posts and add likes and comments. Connected family members can only see their own child's learning.

Seesaw requires an invite from your child's teacher in order to sign up. If you do not have a paper, email, or text invite (the invite will include a QR code or link) contact your child's teacher or the school office. If you receive an email invite, please ensure you check your junk folder. Up to 10 family members can connect to one child's journal.

If you need further information, please click [here](#).

How do I connect to my child's Seesaw account?

Please click the link below for support on how to connect to your child's journal.

How do I navigate Seesaw?

As a Seesaw family member, you can:

- View your child's work in real-time from any device.
- Message your child's teacher through the Seesaw platform (with translations in 100+ languages).
- Engage with student work - add comments and like posts while your child is at school and stay connected throughout the day.
- Deepen conversations at home

Please click the link below for support on how to navigate your child's journal.
